PROGRESS COMPREHENSIVE FUNERAL SCHEME

A funeral policy helps give your family financial support during one of the hardest times — when a loved one passes away. One of the biggest benefits is that it pays out quickly, so you have money available when you need it most.

But sometimes, insurance can be confusing. At **Progress**, we've made things easier to understand. We explain everything clearly — what you're covered for, how much it costs, and what you can expect. No hidden surprises, just peace of mind.

What Makes Our Funeral Cover Different?

Progress policies are designed to be simple, accessible, and affordable — with benefits that matter most to families. No medicals. No long forms. No confusion.

Here's what comes standard with every plan:

✓	No medical exam
✓	Immediate insurance confirmation
✓	Natural death waiting period: 3 months
✓	Accidental death: No waiting period
✓	Suicide: 12 months exclusion
✓	Flexible cover for all family types

"We also support employer groups with simple onboarding, bulk billing, and dedicated account servicing."

The table below shows our comprehensive cover options and premiums.

The **Progress Comprehensive Funeral Scheme** is underwritten by **Rand Mutual Assurance (RMA- FSP 46113)**, a proud insurer with 130 years' experience.
